

## UV torch

# 365 UV TORCH KIT + CHARGER

This flashlight is compact and lightweight, and uses the latest ultra-violet technology. It is equipped with an extra-powerful 5W LED that emits a UV beam up to 35 metres.

- RECHARGEABLE 365 nm ULTRA-VIOLET FLASHLIGHT
- Wavelength: 365 nanometres
- Switch on the back of the torch
- Hard-wearing aluminium case
- Water and shock resistant
- Designed for medical and legal work
- Use it to look for fibres and body fluids

Autonomy	4h
Battery	18650 lithium-ion
Item weight (kg)	0.20
Box weight (kg)	0.614
Item size (mm)	L 153 x D 40
Box size (mm)	L 183 x W17 x H86
Part no.	NSUVLED365

## SAFETY GOGGLES

These goggles are packed with advantages: they're light with a panoramic field of vision and an anti-slip nose-pad – giving you optimum comfort so you can wear them at all times.

EN 170 (UV protection)

Protection filters for ultra-violet radiation.

This type of protection is particularly recommended for activities where the source of ultra-violet radiation is predominant, such as with mercury, actinic or germicidal vapour torches.

Product	Reference	Unit price (exc. tax)
Inspection torch kit 365 (charger, torch, battery, goggles)	KITPRO365	€ 279.90
